Allowable Subject Matter

1. Claim 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Prior art does not teach that, at least one plasma display panel drive circuit board mounted to the circuit board attachment face of the chassis base; and long side reinforcing members mounted on the circuit attachment face of the chassis base along a long side direction thereof, and short side reinforcing members mounted on the circuit attachment face of the chassis base along a short side direction thereof, at least one pair of said short side reinforcing members is made of a first material having a higher rigidity than a second material from which the chassis base is made recited in independent claim 1.

Prior art does not teach that, first reinforcing members mounted on the circuit attachment face and parallel to the horizontal sides of the chassis base; and second reinforcing members mounted on second reinforcing members mounted on the circuit attachment face and parallel to the vertical sides of the chassis; wherein at least one pair of said second reinforcing members is made of a first material having a higher rigidity than a second material from which the chassis base is made and at least two pairs of said first reinforcing members and a remaining pair of second reinforcing members are made of said second material recited in independent claims 15.

3. Claims 2-14 and 16-21 are allowed, since they are depending on claims 1 and 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure Kim et al (US 6,882,108) and Yoshimura et al (US 6,847,415) are cited to show a plasma display device.
